RECLAIMED FLOORING: TERRA COTTA

We specialize in locating unique, high quality terra cotta, carefully selected and sorted by size, color and patina to ensure a truly individualized floor. These tiles are reclaimed from villas, old farm houses and the villages of France, Italy and Spain. Having endured many generations of foot traffic, antique tiles are well suited for interiors and make wonderful surfacing for outdoor patios and walkways.

ITALIAN DOORS

Authentic replicas from reclaimed wood

The use of poplar, chestnut and antique oak wood in their original, seasoned or mature patina gives our doors a truly antique look and feel. We have studied every aesthetic and constructive detail to replicate authenticity. The patina with French polish and wax is skillfully carried out by expert artisans who have perfected the application techniques.

All of our reproduced door models are hand-crafted and custom-made and can be personalized in shape and finish to your specifications, upon request.
